Jeanne, Great thanks. I'm confident this session would be a big draw at the conference, so I'm really hoping you can participate. Andrew

Hi Andrew,

I understand. I hope to know more possibly by the middle or end of next week.

Jeanne

Jeanne, We are trying to finalize our program and were hoping to get that done in June. Do you know when you'll be able to give us a decision on your attendance? If you have an alternate speaker that would be fine as well. Fyi API /ANGA have confirmed their participation this week. Thanks, Andrew

Hi Andrew,

We're now working on a series of engagements and the MSC is one of several. Therefore, I will need to get to get back with you later in order to reconfirm EPA's participation.

Jeanne,
Could you please send me your bio using the attached form (just the bio, you can ignore the rest of the form)? We need this for the continuing education credits for the panel session entitled "Potential Impacts of Hydraulic Fracturing on Drinking Water Resources: EPA and API Studies". I would like to have this by June 13.
Thanks, Andrew

Subject: Re: Request for a Presentation at the MSC Conference in September

Hi Andrew,

I would be happy to provide an update at the September meeting. Could you recommend who I might contact to learn more about the API study? I believe Batelle is working on this, but I am not sure who is the best person to contact.

thanks,

Jeanne
